

## Important Pre-Departure Information – Travel Requirements

ITALY (US, Canadian, UK, AU and NZ guests)

Effective March 1, 2022

To begin your Viking journey in Italy, please ensure you have the following:

1. **Valid Passport** (must be valid for 6 months beyond your planned trip dates).
2. **Proof of up-to-date COVID-19 immunization**  
(final dose received at least 14 days prior to departure, and booster dose—when eligible) certified by VeriFLY  
**NOTE: To Travel in/to France**
  - If eligible for a booster, dose must be administered at least 7 days prior to departure.
  - If your primary vaccination dose was Johnson & Johnson, France requires it be administered at least 28 days prior to departure.
3. **Proof of negative COVID-19 Test** (laboratory-certified)
  - **PCR test** taken within **72 hours** prior to boarding first outbound flight from home country, or
  - **Antigen test** taken within **24 hours** prior to boarding first outbound flight from home country
  - Viking will accept select at-home COVID-19 tests.And/or **Proof of Recovery** from a previous COVID-19 infection (during the past 15–90 days and, prior to departure)
4. **Complete Italy Passenger Locator Form** (EU PLF), found here: <https://app.euplf.eu/#/form>
  - For additional information regarding Italy's entry requirements, visit: <http://www.italia.it/en/useful-info/covid-19-updates-information-for-tourists.html>.

If you are traveling independently, please ensure you review local requirements for the countries you are visiting.

You will also need to meet Viking's COVID-19 testing requirements: either a PCR test taken 72 hours, or an antigen test taken 24 hours before joining your first Viking activity. Alternatively, you may present proof of recovery as outlined below.

## Pre-Departure Checklist

# of Days Prior to Departure	Action Items
<input type="checkbox"/> As soon as possible	Confirm your <b>passport</b> is valid for at least 6 months beyond your trip date. Ensure you have adequate <b>travel insurance</b> to protect your investment and ensure you have appropriate medical coverage.
<input type="checkbox"/> 14	Receive your final <b>FDA/WHO/EMA approved COVID-19 vaccine</b> dose.

Before your flight

#### Assemble your Travel Documents

- Valid Passport
- Airline Tickets
- Proof of up-to-date COVID-19 Immunization, certified by VeriFLY
- Lab-certified proof of negative COVID-19 Test Results or Proof of Recovery
- Viking Cruise Documents/Journey Summary/E-Documents
- Italy Passenger Locator Form

**Pack and wear KN95, N95 or FFP2 face masks** while in transit (at the airport, on flights, etc.)

## What to Expect Along Your Journey

The information below reflects the protocols outlined in the Viking Health & Safety Program. Viking's medical team will continue to monitor conditions in all the destinations we visit and may adjust these policies as necessary.

**1. Prior to your embarkation,** there will be additional COVID-19 screening, including:

- Temperature check
- Health survey
- Acceptance of contact-tracing during your cruise

**2. Once you are on board and in your stateroom,** you will take a COVID-19 PCR test (via non-invasive saliva sample)

- Please refrain from consuming anything or smoking for at least one hour before submitting your saliva sample.
- You will be asked to remain in your stateroom until your negative test results are confirmed.

**3. During your voyage:**

- There will be up to daily COVID-19 tests (saliva samples).
- **Independent Exploration:** Due to local restrictions, some cities in Italy do not allow independent exploration at this time. However, guests may explore independently in other countries while following local requirements.

**4. Prior to leaving your ship or post cruise extension,** Viking will provide you with test results needed for your return flight.

- If you are continuing independently, you are responsible for getting your own COVID-19 test prior to departure.
